D1005 HR

A New High Resolution Dry Duplex Minilab

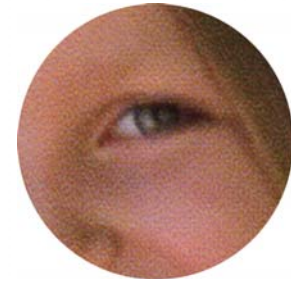

Enhanced resolution takes
the print quality to a whole new level!

1440 dpi

The Best Dry Minilab Just Got Better

The state-of-the-art D1005 HR is an innovative duplex minilab that has all the great features of the D1005, plus a new maximum resolution of 1440 dpi. This enhanced resolution improves the print quality, especially in terms of graininess and gradation. D1005 HR 1440 dpi prints are smoother than ever before. Furthermore, these high resolution prints have a pleasing saturated look, and the portrayal of contrast and depth is outstanding.

720x720dpi

1440x1440dpi

More Freedom, More Flexibility

The D1005 HR gives you a choice of resolution. Using the print channels on the EZ Controller, you can assign the 720 dpi resolution for certain applications and the 1440 dpi resolution for others. This enables you to switch between the two resolutions on the fly and give priority to capacity in certain situations and give the utmost priority to quality in others.

D1005 HR	
Printing system	Inkjet system
Print resolution	720x720dpi 1 dot gradation 6 gradations (5 dot sizes + no dot (White)) 1440x1440dpi 1 dot gradation 4 gradations (3 dot sizes + no dot (White))

*All other specifications are the same as the D1005.

Print capacity for roll paper (prints/hour)*1*2		
Print size (Width x Advance length)	Print resolution : 720x720dpi Prints/hour (Approx.)	Print resolution : 1440x1440dpi Prints/hour (Approx.)
127x89mm (5"x3.5")	1180	404
152x102mm (6"x4")	950	320
89x127mm (3.5"x5")	1031	350
102x152mm (4"x6")	825	275
102x203mm (4"x8")	636	208
127x178mm (5"x7")	639	209
203x102mm (8"x4")	633	213
203x254mm (8"x10")	280	89
203x305mm (8"x12")	236	74
254x203mm (10"x8")	305	97
254x305mm (10"x12")	209	65
305x203mm (12"x8")	274	86
305x254mm (12"x10")	223	69
279x356mm (11"x14")	170	53
305x457mm (12"x18")	127	39
305x914mm (12"x36")	55	19

Print capacity for sheet paper (prints/hour)*1*3		
Print size (Width x Advance length)	Print resolution : 720x720dpi Prints/hour (Approx.)	Print resolution : 1440x1440dpi Prints/hour (Approx.)
210x297mm (A4 size)	129	48
203x203mm (8"x8")	161	61
203x254mm (8"x10")	143	53
254x178mm (10"x7")	156	58
254x203mm (10"x8")	146	54
279x216mm (11"x8.5")	132	49
305x305mm (12"x12")	106	38

*1 Using Noritsu proprietary inkjet paper (Calculated according to our criteria. The capacity you achieve may be different.)

*2 The capacity listed for 152mm(6") and smaller print sizes represent the capacity when two paper rolls of the same width and same surface are loaded in a two-lane magazine.

*3 The above figures signify single-sided print capacity.

The specifications, information, and appearance of the machine herein are subject to change without notice.

Our products have been manufactured under an ISO 9001-certified quality assurance system.
